Stock Photo – Options May Vary

FACTORY NEW

Pedigo P-2205 Elite Series Warming Cabinet. Pedigo leads in designing and constructing high-quality stainless steel and chrome products. Their products are used in emergency rooms, exam rooms, operating rooms, and sterile processing departments.

After more than a quarter-century, the Pedigo name remains synonymous with quality, durability, sterility, and exceptional customer service. Pedigo Elite Series Warming Cabinets Feature: This single-chamber warming cabinet features a white epoxy-coated steel interior insert and exterior casing. Additionally, the single-pane energy-efficient, e-coated glass window door allows easy inventory observation and hands-free door release.

Moreover, the door includes a full gasket and is hinged on the right side of the unit.
