Harloff Storage Bins

Stock Photo – Options May Vary

FACTORY NEW

Harloff Storage Bins offer reliable, flexible storage solutions for medical facilities that demand efficiency and organization. These bins support Harloff's single, double, and triple column systems, giving healthcare teams a wide range of configurations.

Whether you need medical storage trays, wire baskets, or dividers, Harloff provides the accessories that keep supplies accessible and organized. Gray trays come in multiple sizes and configurations, making them suitable for many clinical environments.

Each tray includes two pull-out stoppers that prevent accidental spills and allow smooth operation. In addition, you can choose from both long and short dividers, ensuring the perfect layout for your storage needs.
