FACTORY NEW
Harloff Accessory: Hospital Grade Electrical Outlet | OUTLET6. Model 680404A.

Electric power outlets for medical carts are essential accessories in today's industry. They help to keep cords secure and off the floor and provide increased staff and patient safety from tripping.

Harloff's hospital-grade outlet is UL1363A compliant, and it features a NEMA 5-15P-HG hospital-grade plug with six NEMA 5-15RHG hospital-grade sockets plus a built-in cap for each socket. In addition, each outlet comes with a 15-foot-long power cord and two steel hooks located on the back or sides of your Harloff-produced medical cart that can be used to wrap the power cord around.

FEATURES

- Hospital-grade outlet
- 15-foot AC power cord
- 6 NEMA 5-15RHG hospital-grade sockets to plug electrical devices into
- UL1363A compliant
- Built-in covers for each socket
