

Harloff Bemis® Locking Sharps Holder Accessory | LKSHRPHOLD5Q

Stock Photo - Options May Vary

FACTORY NEW

The Harloff LKSHRPHOLD5Q is a Bemis® Locking Sharps Holder accessory designed for use with Harloff Emergency Carts, Anesthesia Carts, Isolation Carts, Treatment Carts, and Medication Carts. This locking sharps container holds 5 quarts of sharps waste and provides secure containment for safe disposal.

The locking mechanism ensures sharps are safely contained and prevents unauthorized access. Replacement locking sharps boxes and containers are available for continued use and compliance with medical waste protocols.

This accessory integrates seamlessly with Harloff's cart systems to help maintain organized supply storage and streamline sharps management in clinical environments.
