

Harloff MR-Conditional Cart Accessory – Side Rail | MR-SR

Stock Photo - Options May Vary

FACTORY NEW

The Harloff MR-Conditional Cart Accessory Side Rail (MR-SR) is designed for use with Harloff MR-Conditional Emergency Carts and MR-Conditional Anesthesia Carts in Magnetic Resonance Imaging suites. This accessory meets ASTM International Designation standards for MR-Conditional use in 3 Tesla or less environments.

The side rail is part of Harloff's comprehensive line of MR-Conditional accessories that help organize supplies and save time in MRI facilities. All accessories in this line have been tested and certified for safe use in magnetic resonance imaging environments.
