Intensa Overbed Table with Heavy Duty Base | 1770

Stock Photo – Options May Vary

FACTORY NEW

The Intensa 1770 Overbed Table, formerly sold under the Hassoc name, fits over beds and chairs with ease. Because the low-profile base slides under most furniture, the table works at bedsides and recliners alike. The height adjusts from 29 to 44 inches to suit each patient and setting.

Style options set the 1770 apart. The heavy-duty base comes in four attractive colors, while the laminated top comes in five finishes. As a result, the table blends into hospitals, home care settings, and other medical spaces.

Meanwhile, the 32-inch by 17-inch top gives patients plenty of room for meals, books, and devices. Finally, the sturdy build supports up to 100 pounds of evenly placed items.

FEATURES

- Model: 1770
- Laminated Top
- Low Profile
- Base Height Adjustment: 29" - 44"
- 4 Base Finishes Available
