

Replacement Stretcher Mattress Pad for Hausted 4160 Pediatric Crib

Stock Photo - Options May Vary

FACTORY NEW

This replacement mattress pad set is designed specifically for the Hausted 4160 Pediatric Crib. The 3-inch pads feature high-density foam construction to help prevent bottoming out and provide reliable support during patient care.

The pad is covered in durable Herculite SureChek Comfort fabric with welded corners to prevent fluid seepage. The material offers flame and fluid resistance for enhanced safety in clinical environments.

The pad demonstrates exceptional durability with built-in resistance to bacteria, stains, and tears, making it suitable for frequent use and cleaning in healthcare settings.
