

InPro ADA Shower Curtains

Stock Photo - Options May Vary

FACTORY NEW

InPro ADA Shower Curtains prioritize privacy and cleanliness, ensuring accessibility in shower areas. Clickeze® Shower Curtains meet ADA compliance, providing practical solutions for healthcare facilities. InPro offers a variety of fabric options, including antimicrobial materials that reduce bacteria and mold growth.

These curtains are designed to withstand frequent use while maintaining a clean, professional appearance. InPro also provides custom window treatments and bedspreads, offering a complete soft goods program for healthcare settings. This ensures a cohesive look throughout the facility, enhancing both comfort and functionality.

InPro ADA Features: provide a temporary barrier with outstanding water leak prevention that meets ADA requirements. ADA Shower Curtains are available in Super Bio-Stat.
