InPro Formatrac® Bendable Cubicle Track & Accessories

Stock Photo – Options May Vary

FACTORY NEW

InPro Formatrac® Bendable Cubicle Track & Accessories. Easily and quickly eliminate the hassle associated with traditional track installation and design with Formatrac® Bendable Track. It can be bent by hand on the job site, so installation is simple.

Additionally, Formatrac can accommodate virtually any format because of its flexible nature. Formatrac™ bendable track is manufactured with a 99% recycled aluminum core and ABS (non-PVC) shell. The patented product, InPro Formatrac® Bendable Cubicle Track, results in the most durable, lightweight, bendable track.

Formatrac™ bendable track is available in four standard lengths.

FEATURES

- Easily eliminates the hassle associated with traditional track installation and design
- It can be bent by hand on the job site, so installation is simple
- Both are easy to install and work with virtually any ceiling type, including both regular and flush ceiling tile
- Aluminum core and ABS shell is easily trimmed on-site with a hand saw
- Flexibility allows for virtually any length or radius bend required
