Leonhard Lang Elite Bags Emerair Trolley Bag | EB02.025

Stock Photo – Options May Vary

FACTORY NEW

The Leonhard Lang Elite Bags Emerair Trolley Bag: EB02.025 is a large-capacity rolling bag for first responders who deliver oxygen. Leonhard Lang designed it with feedback from first responders and emergency staff, so it fits real-world needs.

In addition, the bag converts from a rolling trolley to a backpack. Crews can roll it over smooth ground or carry it on their back.

Meanwhile, the modules come with the trolley, so you can adapt the bag to your needs. Furthermore, the bag comes in red.
