FACTORY NEW

MCM Foot Operated Mayo Stand: MCM 750. Mid Central Medical is a trusted American company that makes high-quality medical equipment. Their products meet the tough demands of the healthcare industry. Furthermore, they focus on durability and reliability to help medical professionals work better in busy settings, improving workflow and patient care.

The MCM 750 features a removable tray, making cleaning simple and convenient. This design maintains strict hygiene while providing a spacious surface for surgical instruments during procedures. It ensures easy access and organization of tools.

Additionally, durable construction resists wear and corrosion, ideal for repeated use in busy operating rooms.
