

MCM 30 x 16 Instrument Table w/H Brace | MCM 511

Stock Photo - Options May Vary

FACTORY NEW

The MCM 511 is a heavy-duty stainless steel instrument table designed for medical facilities requiring durable, reliable equipment. Constructed from 16-gauge #304 stainless steel with solid welded construction, the table features square tube legs with professionally welded and polished corners for maximum strength and longevity. The 1-1/2" revealed edge provides structural integrity while the design eliminates open cavities that could harbor contaminants.

The table measures 30"L x 16"W x 34"H and is equipped with 3" ball bearing casters for easy mobility. All components are engineered to withstand the demanding environment of medical facilities while maintaining a clean, sanitary surface. The MCM 511 comes with a limited 2-year warranty.

FEATURES

- Heavy Duty 16 gauge #304 stainless steel with a solid welded construction
- The revealed edge is 1-1/2" to give you the strongest table known
- Square tube legs allow more welding surface which has proven to outlast any round tube leg
- Corners are professionally welded and polished smooth
- 3" ball bearing casters are standard on all tables
- Reinforcing channels welded into larger models for additional strength to meet the highest expectations
- No open cavities to collect unwanted substances
- Cost-effective to meet your budget!
