MCM Set of Six, Stainless Steel Nesting Tables | MCM 560

Stock Photo – Options May Vary

FACTORY NEW

Mid Central Medical MCM 560 Set of Six Stainless Steel Nesting Tables. This set gives busy medical facilities strong, flexible work surfaces that store in a small space. Staff can use the tables in operating rooms, labs, and clinics for a wide range of tasks.

What The MCM 560 Set Offers Six heavy-duty stainless steel tables in one set. Smooth surfaces clean and sanitize with ease. Tables nest together to save storage space.

Square legs add strength and stability. Ball-bearing casters come standard on all six tables. In addition, the stainless steel construction holds up in demanding clinical settings.

FEATURES

- Heavy-duty stainless steel construction
- Nest together for storage
- Set of 6 Tables
- 1 1/2" revealed edge for the strongest table
- Square legs allow for increased fastening area for increased durability

SPECIFICATIONS
