FACTORY NEW

MCM 217-L: IV Wire Basket. Keep your clinical space clean and organized with our versatile IV Pole Basket, designed for easy cleaning and secure mounting. It offers ample storage for medical supplies, helping maintain efficiency and accessibility in any healthcare environment.

Moreover, this all-in-one solution combines convenience and hygiene, allowing you to streamline your workflow without compromising quality or space. Built with smooth, durable wire, the basket is easy to wipe down and disinfect, making it ideal for fast-paced healthcare environments. Moreover, spacious 12″x8″x6″ size holds essential supplies and personal items with ease.

Thanks to an integral clamp, mounting is quick and tool-free.
