

MCM Instrument/Back Table with Drawers | MCM 549

Stock Photo - Options May Vary

FACTORY NEW

MCM 549 Instrument/Back Table with Drawers. The MCM 549 Instrument/Back Table with Drawers features strong construction for long-term use in surgical environments. It includes three drawers on smooth ball-bearing glides. These drawers open fully, so users can reach every part inside. The table holds up well under daily use.

Its durable build supports heavy loads without shaking or shifting. It suits high-demand medical spaces well. Moreover, the wide work surface of the MCM 549 gives plenty of space for tools and medical supplies. Staff can organize everything clearly.

This setup helps speed up procedures and reduce clutter. Doctors and nurses can reach what they need fast.

FEATURES

- Heavy-Duty Construction
- Three (3) Drawers
- Full-Extension drawers make the whole drawer accessible
- Ball-Bearing Casters (2 are locking)

SPECIFICATIONS
