Stryker Stretcher Backrest Gas Spring | 1010-31-078 – New

Stock Photo – Options May Vary

FACTORY NEW
Stryker Stretcher Backrest Gas Spring: 240N, PN: 1010-031-078 – New. This gas spring restores smooth backrest positioning on your Stryker stretcher. As a result, this brand-new, non-OEM replacement provides dependable daily performance.

In addition, as a direct replacement, it installs quickly and cuts down on equipment downtime. This gas spring is built from durable materials that hold up to heavy clinical use. Caregivers get smooth, steady backrest movement during patient transport, and the sturdy design helps keep patients comfortable and staff efficient.

Note: If your Stryker stretcher uses two gas springs on the backrest, this is likely the strut you need.
