Steris QDJ Warmer Replacement Fan | PN: P413720635

Stock Photo – Options May Vary

FACTORY NEW

Steris QDJ Warmer Replacement Fan, PN: P413720635 – New. Ensure proper airflow and protect your warming cabinet's internal electrical components with this Steris QDJ Warmer Replacement Fan (Part Number: P413720635).

Engineered as a direct OEM-fit replacement, this unit is specifically designed for 5th Generation Steris QDJ series blanket and solution warming cabinets featuring the small black knob on the control panel (110/120V power). Replacing a worn or failing motor restores vital heat circulation, helps maintain consistent temperature distribution, and prevents costly equipment downtime without the expense of replacing the complete cabinet assembly.

This kit includes the fan motor assembly and fan blade.

FEATURES
