MCM Stainless Steel Utility Table | MCM 521

Stock Photo – Options May Vary

FACTORY NEW

MCM 521 – Stainless Steel Utility Table from Mid Central Medical gives modern medical settings durability, function, and quality. MCM updates its product line to meet changing customer needs and uses premium parts for lasting performance.

The table uses strong 16-gauge stainless steel that resists rust, so it works well in busy hospitals and clinics. In addition, it has two large drawers on smooth glides, so staff can reach tools and supplies easily and safely.

As a result, the smooth drawers help staff work faster during busy procedures. Meanwhile, a three-sided guardrail surrounds the top of the table and keeps items in place during movement or use.
