

# Replacement Stretcher Pad for Midmark/Pedigo 500 Pediatric Stretcher Crib

Stock Photo - Options May Vary

## FACTORY NEW

Replacement stretcher pad designed for the Midmark/Pedigo 500 Pediatric Stretcher Crib. Features a single-piece construction with 1-inch thickness that provides adequate cushioning while maintaining stability during use. The pad is engineered for easy cleaning and handling in clinical environments.

This replacement pad is suitable for use in emergency rooms, outpatient settings, and routine pediatric care scenarios. It supports safe transport and positioning of pediatric patients across various medical applications.

By providing proper support and comfort, this pad ensures reliable performance for medical staff and contributes to a better experience for young patients in healthcare settings.
