Mindray Passport 8 Patient Monitor with CO2 – Refurbished

Stock Photo – Options May Vary

FULLY REFURBISHED · CLINICALLY CERTIFIED

Mindray Passport 8 Patient Monitor with CO2 – Refurbished. The Passport 8 features a modern 8-inch touchscreen and easy-to-touch function keys. It also covers key checks like 3/5-lead ECG, SpO2, NIBP, respiration, and temperature.

Its plug-and-play design allows easy add-ons for CO2, invasive pressure, and cardiac output. The Passport 8 also tracks 96 hours of graphic and list trends for a closer look at patient history. In addition, it gives clear visual and audible alarms to help staff act fast.

Remote view sends multi-bed alarm alerts to a central spot. It also connects through DIAP and Ethernet for smooth data sharing.

FEATURES

- 8.8" L x 5.3" W x 9.5" H Chassis
