MPD Suction Unit Holder Cart Accessory | TSU-1

Stock Photo – Options May Vary

FACTORY NEW

MPD Cart Accessory: TSU-1 Suction Unit Holder. The TSU-1 mounts securely to any MPD cart, offering reliable access during high-pressure medical situations. Its compact form saves space while maintaining essential functionality.

Additionally, healthcare professionals benefit from its easy installation and stable design. As a result, teams stay organized and efficient in fast-paced environments that demand quick action and dependable equipment. Moreover, MPD provides a wide range of accessories to enhance your cart's performance.

Whether you use a Standard, Mini/Tower, or Select Cart, you'll find compatible options. Each accessory, like the TSU-1, enhances workflow, improves organization, and adapts to evolving clinical needs.

Brochure and images are a general overview of the product. Actual product options may vary.
