MPD Coat Rack Cart Accessory | TCR-1

Stock Photo – Options May Vary

FACTORY NEW

MPD Coat Rack Cart Accessory: TCR-1. The MPD TCR-1 adds convenient hanging storage to your medical cart setup. Ideal for lab coats, gowns, or garments, the TCR-1 helps keep essential items off surfaces and within easy reach. It's a practical addition for clinical environments that value cleanliness and organization.

MPD offers a wide variety of accessories to customize your Standard Cart to meet specific workflow needs. Furthermore, the TCR-1 easily attaches to your cart's accessory rail, allowing quick installation and dependable support. However, please note: the cart and accessory rail are not included and are sold separately.

Make sure to add them to complete your setup.

Brochure and images are a general overview of the product. Actual product options may vary.
