MPD Divisible Drug Tray Kit Cart Accessory | TMT-3K

Stock Photo – Options May Vary

FACTORY NEW

MPD Divisible Drug Tray Kit Cart Accessory: TMT-3K. Upgrade your MPD Cart drawers with the TMT-3K Divisible Drug Tray Kit for efficient and customizable medication organization. This accessory fits standard 3″ drawers and includes everything needed to streamline your workflow.

Medical professionals trust this solution for better inventory control and drawer space management. The TMT-3K kit includes two durable TMT-3 trays, four long TMT-3L dividers, and eight short TMT-3S dividers.

Furthermore, these components allow flexible configuration, helping you sort medications by type, size, or dosage. Whether you manage high-traffic hospitals or small clinics, this system adapts to your storage needs.
