FACTORY NEW

MPD Cart Accessory: Mini Cart Tubular Railing TMR-1. Enhance your Mini Cart with the TMR-1 Tubular Railing, designed to provide added security and functionality. MPD offers a wide range of cart accessories to help you customize your setup for specific clinical needs. The TMR-1 is ideal for keeping items secure during transport.

This Tubular Railing fits Mini Carts only and installs easily for immediate use. It helps prevent supplies from shifting or falling, especially in fast-paced environments. Use it to create a more organized, dependable cart system tailored to your workflow.

Additionally, Standard and Heavy Duty Standard Cart Railings are available for larger MPD carts.

Brochure and images are a general overview of the product. Actual product options may vary.
