MPD Cart Accessory: Optional Cart Extender TCE-1

Stock Photo – Options May Vary

FACTORY NEW

MPD Cart Accessory: Optional Cart Extender TCE-1. Expand your storage capabilities with the TCE-1 Optional Cart Extender, designed for MPD Carts with 30″ drawer space. This accessory adds valuable surface area, allowing you to organize more supplies without compromising mobility or workflow.

As a result, it’s ideal for busy medical, clinical, or laboratory environments where extra space is always in demand. The TCE-1 Cart Extender supports a wide range of optional accessories, including trays and a Med Lock Box, to create a custom storage setup.

To note, the image shown features the extender paired with these add-ons, which help streamline organization and improve efficiency.
