

MPD Triple Glove Box Holder Cart Accessory | TGB-3

Stock Photo - Options May Vary

FACTORY NEW

The MPD Triple Glove Box Holder Cart Accessory (TGB-3) adds convenient glove storage to medical cart setups by holding up to three standard glove boxes. This keeps gloves easily accessible during procedures while helping maintain a clean, efficient, and organized environment in busy healthcare settings.

The TGB-3 is compatible with MPD Standard and Select Carts and mounts easily to streamline access to gloves and improve workflow. MPD offers glove box holders in both single and triple box formats to meet various space and usage needs.

This cart accessory provides a reliable, practical solution for storing personal protective equipment. It allows facilities to fully customize their carts and enhance daily operations based on specific glove usage requirements.
