MPD Hyperthermia Cart Accessory Package | MMH-CP

Stock Photo – Options May Vary

FACTORY NEW

MPD Hyperthermia Cart Accessory Package: MMH-CP. The MPD MMH-CP enhances storage and organization for malignant hyperthermia emergency carts. This package equips your cart with essential accessories to keep critical supplies neatly arranged and easily accessible during emergencies.

Moreover, by adding these components, healthcare professionals can respond quickly and efficiently in high-pressure situations. The MMH-CP package includes a sturdy IV pole, two full drawer trays with dividers designed for 3″ drawers, and oxygen tank brackets.

Moreover, these accessories optimize space and securely store life-saving equipment. The drawer trays organize medications and tools with customizable compartments, while oxygen tank brackets securely hold tanks during transport.
