

MPD Mini Tower 5 Drawer Cart w/ Key Lock | MAT-524

Stock Photo - Options May Vary

FACTORY NEW

The MPD MAT-524 is a 5-drawer mobile cart designed for efficient storage in medical environments. It combines space-saving design with large 5-inch premium casters (2 locking, 1 directional) and an outrigger stabilizing frame for enhanced mobility and stability. The cart features an extra-thick plastic top with double-wall construction and quiet ball bearing drawer slides for smooth operation.

Available in steel or E-Z Push aluminum construction, the MAT-524 offers flexible storage with drawer configuration of three 3-inch, one 6-inch, and one 9-inch drawer. Custom drawer configurations are available to meet specific needs. The cart is manufactured in the USA and backed by a limited 5-year warranty.

The MAT-524 is available in 17 solid or two-tone color options to match facility décor and organizational requirements.
