MPD Punch Card Rack Medication Cart Accessory | TPC-1

Stock Photo – Options May Vary

FACTORY NEW

MPD Punch Card Rack Medication Cart Accessory. The MPD TPC-1 offers a reliable storage solution for organizing punch cards efficiently. This accessory fits seamlessly with MPD carts, improving workflow and access. Use the TPC-1 to increase storage and maintain better medication management in clinical environments.

Its durable design ensures long-term use while keeping medications accessible and secure during daily routines. Moreover, you can pair the TPC-1 with MPD Standard, Select, Wide, and Mini-Tower Carts to expand capacity. Each cart model offers unique storage configurations to meet different facility needs.

Whether you manage a large hospital or a small clinic, MPD provides the flexibility to customize according to your workflow.
