

# MPD Mini Tower Computer Cart | MAT-524C

Stock Photo - Options May Vary

## FACTORY NEW

The MPD MAT-524C is a compact computer cart that combines full-sized functionality with space-saving design. Built with steel construction, it features quiet ball bearing slides, full drawer extensions, and an extra-thick plastic top for durability. The cart includes an outrigger stabilizing frame and 5" full-swivel casters (two locking, one directional) for excellent maneuverability in tight spaces.

The MAT-524C is completely latex-free and includes a full key lock for secure storage. Its compact footprint makes it ideal for clinical, laboratory, and administrative settings where space is limited.

The cart features a three-drawer configuration with 24" total drawer space, providing organized storage for medical equipment, supplies, and materials.
