FACTORY NEW

MPD Select Anesthesia Cart Accessory Package: SAP-B. The MPD SAP-B enhances efficiency and organization in medical settings. It's designed for use with the SES-627A-B Select Series Cart (sold separately).

This package includes essential accessories for anesthesia workflow. Each item fits securely and improves quick access to critical supplies during procedures. The MPD SAP-B accessory bundle includes one SNS-1 Narrow Single Shelving Unit, ideal for holding smaller items.

The SHB-1 Hanging Bar offers additional attachment options for tools or supplies. Additionally, the STB-5 Tilt 5-Bin Unit offers versatile storage and provides easy viewing of its contents. Moreover, these components help medical professionals stay organized in fast-paced environments.
