MPD SELECT Emergency Cart Accessory Package | SEP-B

Stock Photo – Options May Vary

FACTORY NEW

MPD SELECT Emergency Cart Accessory Package: SEP-B. The MPD SEP-B Package equips your emergency cart with essential tools for fast, efficient response in critical situations. Designed for use with SELECT Series Carts (sold separately), this package enhances functionality, organization, and preparedness in medical environments.

Each accessory supports rapid access during emergency care. This complete package includes a TIV-1 IV Pole, TSR-1 Tubular Railing, and TOB-1 Oxygen Tank Brackets for secure and accessible equipment setup.

Additionally, the SCB-1 Cardiac Board ensures quick availability for life-saving CPR procedures. Moreover, these durable components add critical support to emergency carts used in hospitals and urgent care facilities.
