MPD Trellis Bar Select Cart Accessory | SHB-1

Stock Photo – Options May Vary

FACTORY NEW

The MPD Trellis Bar Select Cart Accessory: SHB-1. The MPD SHB-1 upgrade expands storage capacity and enhances functionality in clinical environments where efficiency, adaptability, and organization are critical. This Trellis Bar is built with durable materials.

The SHB-1 supports a wide range of cart-mounted components such as baskets, bins, hooks, and other accessories. This allows medical staff to organize instruments and supplies more effectively, ensuring faster access during time-sensitive procedures. Moreover, the MPD SHB-1 improves workflow, maximizes space utilization, and reduces clutter on valuable work surfaces.

Installation for the MPD SHB-1 is fast and requires minimal tools or technical expertise.
