MPD Narrow Shelving Select Cart Accessory | SNT-2

Stock Photo – Options May Vary

FACTORY NEW

MPD Narrow Shelving Select Cart Accessory: SNT-2. The MPD SNT-2 enhances the efficiency of your Select Series Cart by adding organized storage space. Designed for use with the MPD Trellis System (sold separately), this accessory supports quick access to essential items during medical procedures or daily care tasks. The SNT-2 Narrow Twin Shelves fit securely on the Select Series Cart when used with the Trellis System.

Their compact design maximizes vertical space without limiting mobility or access. This helps reduce clutter while improving workflow. Easy to install and built for durability, the SNT-2 shelves support time-saving organization.

Furthermore, they are perfect for storing smaller supplies in fast-paced clinical settings.
