MPD Standard Anesthesia Cart Accessory Value Package | TAP-C

Stock Photo – Options May Vary

FACTORY NEW

MPD Standard Anesthesia Cart Accessory Value Package: TAP-C. The MPD TAP-C Accessory Package is designed to enhance your anesthesia cart's organization and efficiency. Compatible with carts like the MKT-630, it offers practical add-ons built for busy healthcare settings. Each item improves storage and access to supplies during daily use.

Quantity is one unless otherwise noted. This package includes the TRS-2 Heavy Duty Railing for added safety and cart control. It also features two TUH-1 Utility Hooks, perfect for hanging bags, tools, or personal items.

These hooks mount easily to the cart frame and support quick access to essentials.

Brochure and images are a general overview of the product. Actual product options may vary.
