FACTORY NEW

MPD Standard Cart Accessory: Extra-Thick Plastic Top TPT-2. The MPD TPT-2 is a durable accessory designed for MPD Standard Carts, including Standard Size Value Carts. It provides a smooth, easy-to-clean work surface ideal for busy medical environments. This top helps protect the cart's surface while adding usable workspace for supplies, documentation, or equipment.

Built for daily use, the TPT-2 adds long-term value to your cart system. Made from high-quality plastic, the TPT-2 top resists stains, scratches, and impact damage. Its extra-thick design ensures lasting performance in high-traffic clinical settings.

Whether in a hospital, lab, or long-term care facility, this accessory helps extend the life of your cart.

Brochure and images are a general overview of the product. Actual product options may vary.
