MPD Standard Emergency Cart Accessory Package | TEP-B

Stock Photo – Options May Vary

FACTORY NEW

MPD Standard Emergency Cart Accessory Package: TEP-B. The MPD TEP-B Emergency Cart Accessory Package provides essential tools to upgrade your emergency cart setup. Designed for compatibility with the MSB-630 Emergency Cart (shown, sold separately), this package includes key accessories for efficient code response.

Built to support clinical performance, each item adds convenience, safety, and organization to fast-paced emergency environments. Included in the TEP-B package: TIV-1 IV Pole, TCB-1 Cardiac Board, TSN-2 Side Shelf, and the TRS-2 Heavy Duty Railing for stability.

The TOB-1 Oxygen Tank Bracket securely holds cylinders during transport. These components improve equipment accessibility and patient care during emergencies.
