FACTORY NEW

MPD TCB-1 Cart Accessory: Cardiac Board. The MPD TCB-1 Cardiac Board is a reliable, life-saving cart accessory designed to attach securely to the back of MPD medical carts. Built with strength and stability in mind, it provides a firm surface for CPR and emergency procedures.

The TCB-1 model fits both Mini/Tower Carts and Standard Carts, offering flexible compatibility for various clinical settings. This cardiac board comes complete with mounting brackets, allowing quick and secure installation on the rear of your cart.

Its accessible location ensures it’s always within reach during critical moments.

Brochure and images are a general overview of the product. Actual product options may vary.
