MPD Outlet Strip Cart Accessory | TOS-15

Stock Photo – Options May Vary

FACTORY NEW

MPD TOS-15 Cart Accessory: Outlet Strip. The MPD TOS-15 adds essential power access to your MPD Standard or Select Cart. Featuring six hospital-grade outlets, this accessory supports medical devices, monitors, and equipment directly from the cart.

The TOS-15 model includes a 15-foot cord, providing extended reach in patient rooms, procedure areas, or clinical workstations. Built for safety and durability, this outlet strip meets hospital-grade standards for reliable performance in demanding environments.

Additionally, it requires the MPD Outlet Strip Bracket (sold separately) for secure mounting to the side or rear of the cart. Furthermore, once installed, it offers convenient power access without interrupting mobility or workspace.
