

MPD Wire Storage – 7 Shelf Stationary Rack | WRS-720S

Stock Photo - Options May Vary

FACTORY NEW

MPD Wire Storage – 7 Shelf Stationary Rack: WRS-720S. The MPD WRS-720S is a durable, high-capacity storage solution designed specifically for medical and clinical environments. Featuring seven fixed shelves and 20 included bins, this stationary rack helps streamline the organization of supplies, equipment, and disposables.

Additionally, its open-wire design allows for airflow and visibility, promoting cleanliness and easy inventory management. Built for daily use in demanding healthcare settings, the WRS-720S offers long-lasting durability and stable performance.

Its generous dimensions (74" high, 24" deep, and 36" wide) provide ample storage space without taking up excess floor area.
