# Oakworks Fluoro Extender

*Stock Photo – Options May Vary*

**FACTORY NEW**

Oakworks Fluoro Extender. The Oakworks Fluoro Extender's shape is conducive to a variety of table placement applications, is radiolucent, and offers extra width only where you need it.

Additionally, this design helps achieve greater positioning accuracy for optimum imaging. As a result, staff gain full flexibility for a wide range of imaging procedures.

Furthermore, the Fluoro Extender is constructed out of a cost-effective radiolucent material, polycarbonate. Additionally, this lightweight construction makes it easy to position and remove between procedures.
