

Oakworks PerformaLift-Assist Backrest Top

FACTORY NEW

Oakworks PerformaLift-Assist/Backrest Top. The PerformaLift Series is the right choice when putting the client first. This treatment table provides exceptional strength and stability.

It supports massage, bodywork, therapeutic manipulation, and aesthetic services with versatile options. The PerformaLift Assist Table with Backrest Features: The PerformaLift Assist Table with Backrest is an excellent solution for practitioners, offering strength, stability, and versatile options. Additionally, the dual pedestal lifting towers feature whisper-quiet motors, providing a 15° tilt in either direction.

This creates Zero Gravity Chair capability, improving comfort during treatments. Moreover, the tilting function enhances client access and is ideal for various services. Finally, the hand control provides one-touch positioning for all adjustments.
