Pedigo Hydraulic Surgeon’s Stool | P-6001

Stock Photo – Options May Vary

FACTORY NEW

Pedigo Hydraulic Surgeon’s Stool: P-6001. Pedigo’s P-6001 offers comfort, stability, and flexibility during long surgical procedures. The upholstered seat features special-density foam, providing consistent support.

It rotates a full 360 degrees, providing surgeons with complete access to the operating area without requiring repositioning. Ergonomic design enhances focus, efficiency, and precision in every procedure. This P-6001 chair supports up to 300 lbs, making it suitable for a wide range of medical professionals.

The 16-inch round fully padded seat ensures optimal comfort during extended use. The 21-inch diameter powder-coated base provides stability, while the high-grade 3-inch casters ensure smooth movement. Three locking casters allow secure positioning whenever needed.

FEATURES

- Fully padded round seat for comfort
- Powder-coated 5-caster base for durability
- High-grade 3" casters for smooth movement
- Three locking casters for stability
- Single-pedal, foot-operated height control

SPECIFICATIONS

- Weight capacity: 300 lbs
- Seat diameter: 16"
- Base diameter: 21"
