Pedigo Infusion Pump Stand for ivNow Thermal Fluid Warmer | P-1080-6

Stock Photo – Options May Vary

FACTORY NEW

The Pedigo IP-1080-6 ivNow Thermal Fluid Warmer Infusion Pump Stand is designed specifically for ambulatory infusion therapy applications. The P-1080-6 features accommodate up to six infusion pumps, allowing for efficient use in high-demand environments.

Additionally, a Bag Drop Prevention Device ensures the controlled descent of the pole, preventing accidental drops. The stand includes a durable stainless steel pole with hooks for added convenience and durability.

The IP-1080-6 also features heavy-duty 3″ sealed casters, ensuring easy mobility and stability during use in any clinical environment. These thoughtful design features, combined with its sturdy construction, contribute to the stand's overall functionality.
