Pedigo Mayo Stand/Medical Tray Unit | P-65

Stock Photo – Options May Vary

FACTORY NEW

The Pedigo Mayo Stand/Medical Tray Unit Model P-65 features a durable all-welded stainless steel construction with a chrome-plated frame, ensuring long-lasting performance and a sleek, professional appearance. Adjust the height (30″ to 40″) using the hand-operated friction lock for precise positioning during procedures.

The unit features 2″ double ball bearing casters for smooth mobility and stability. The removable stainless steel tray provides a convenient surface for organizing surgical tools and supplies.

This versatile stand ensures optimal functionality and ease of use in busy medical environments.
