Pedigo Revolution™ Case Cart | RCC-242

Stock Photo – Options May Vary

FACTORY NEW

Pedigo Revolution™ Case Cart: RCC-242. The Revolution™ closed case cart features an ergonomic design that makes it lightweight and easy to handle. New re•volve™ casters improve maneuverability and reduce push/pull force by 32% compared to standard case carts.

The doors feature clear, impact- and scratch-resistant poly windows. The aluminum doors come powder-coated with a custom high-temp, chip-resistant resin. The Re•volve™ Caster is made from glass-reinforced engineered thermoplastic.

Rated at 280° Fahrenheit, this high-temp caster features four precision bearings in each caster – the best in the industry. Twin precision sealed ball bearings improve cart handling and maneuverability and reduce the overall push/pull force by 32%.

FEATURES

- Maintenance Free
- Caster is made from a glass-reinforced engineered thermoplastic
- Caster rated to 280° Fahrenheit
- Caster has four precision bearings in each caster and direction lock
- Caster improves maneuverability and reduces the overall push/pull force by 32%
