FACTORY NEW

Pedigo Stainless Steel Instrument Assembly Station: CDS-1000. Pedigo's Instrument Assembly Station is Designed to improve the efficiency of assembling cases in Sterile Processing—a wrap-around work surface for easy access to all areas. Features include electrically operated hydraulic height adjustment that provides comfortable, ergonomic height for all staff members.

Additional CDS-1000 Features: Three large pegboards for organizing instruments for storage and easy access and eight slide-out lower shelves for bins. Heavy-duty locking casters ensure easy mobility. Six removable stainless steel trays are recessed into the top work surface. A center drawer comes standard, with an optional keyboard tray.

Recessed trays hold small items like tags, labels, and container locks.
