Stryker 5050 Stretcher / Chair – Refurbished

Stock Photo – Options May Vary

FULLY REFURBISHED · CLINICALLY CERTIFIED

Stryker 5050 Stretcher/Chair – Refurbished. The refurbished Stryker 5050 Stretcher/Chair offers a compact, versatile design, ideal for medical facilities where space is limited. Its dual-purpose function converts easily from stretcher to chair, perfect for a range of clinical uses.

In addition, the CPR-capable frame and 400 lb weight capacity provide reliability and support in various patient care scenarios. Consequently, this stretcher/chair suits a wide range of patient transport needs. Furthermore, its dual-purpose function converts easily from stretcher to chair, perfect for a range of clinical uses.

Additionally, this flexibility helps reduce the need for separate transport equipment.
