

SchureMed Large Replacement Table Width Extender Deluxe Pad | 508-0075

Stock Photo - Options May Vary

FACTORY NEW

The SchureMed Large Replacement Table Width Extender Deluxe Pad is designed for use with the SchureMed Table Width Extender 920-0077. This replacement pad measures 20 inches in length by 4 inches in width and provides a cushioned surface to enhance patient comfort and support during surgical procedures.

The high-quality material construction delivers a durable, long-lasting solution that requires minimal maintenance. The pad helps optimize patient positioning and stability while in use on the surgical table.

This accessory is suitable for various surgical environments and contributes to both patient safety and operational ease when integrated into a surgical table setup.
