

SchureMed Midmark Chic CST Surgical Table Replacement Pads

Stock Photo - Options May Vary

FACTORY NEW

SchureMed replacement pads are designed for Midmark Chic CST surgical tables and compatible OR equipment including stretchers and arm boards. These pads feature multiple layers of engineered foam to maximize pressure-reducing properties and patient comfort during surgical procedures.

The multi-layer foam construction is engineered to conform to the patient's body while providing support and preventing pressure-related complications at bony prominences. SchureMed combines specialized foam materials with quality covering materials to deliver effective pressure management solutions.

With over 20 years of experience in pressure management technology, SchureMed offers seven pad options to meet specific clinical requirements for various surgical applications and equipment configurations.
